	Sub:-Meeting between the Chief Ministers of Mysore and Andhra Pradesh to discuss several outstanding problems between the two States.	
	The matter has been discussed with the Joint Secretary, P.W.& E.Department, and Secretary, P.W.&E.Department. There are nearly 29 subjects for which detailed notes will have to be prepared. Some of these subjects have been discussed in the Inter-State Conference of the Chief Ministers and also the Zonal Council Meetings. It would require considerable time to prepare detailed notes incorporating the latest position in respect of all these matters. Some of them pertain to Inter-State issues which will have to be detailly studied and notes put up. Hence it would be desirable to have a meeting ~~xxxx

43. In September 1963 Sri Sanjiva Reddy, Chief Minister, Andhra Pradesh, addressed the Chief Minister, Mysore, enclosing a list of subjects for mutual discussion and settlement. The details of the various items proposed for discussion were not furnished by him. Therefore in February 1964 the Chief Minister, Andhra Pradesh, Was requested to furnish the same. Further detailed notes on 8 fresh items proposed by Mysore State was also furnished. Detailed notes on 18 items proposed for discussion by Andhra Pradesh were received in July

proposed by Mysore the item No.5 pertaining to the apportionment of landed property of Ex.Hyderabad situated in New Delhi and Bombay has already been decided by Govt. of India, stating that it is not possible to issue any direction to Andhra Pradesh regarding distribution of immoveable property in question please see page 9 of C.F. The items 6,7 and 8 of the Mysore list do not pertain to P.W.D. The remaining items are of connection with P.W.D. and notes on the same are put up below separately. (Wide flag iv)

46. It can be seen from a perusal of list of items proposed for discussion that they mostly pertain to the Tungabhadra or Pennar River basin. The items pertaining to Tungabhadra have been discussed in a number of previous Inter-State meeting and since there was no meeting ground between the two States it was agreed to refer the items to Govt.of India and to arrange for a discussion under the Chairmanship of the Union Minister of Irrigation & Power. Such a conference has not so far been held. It is therefore difficult to say if any fruitful results can come out of the proposed present discussion with the Andhra officers. As regards the items 7 to 12 and 14,15,17 and 18 it may be seen that they mostly pertain to the question of utilisation under Pennar basin, the disputes having started at least three decades ago.

62) As discussed personally, the meeting of the State Advisory Committee has been fixed on 20th, 21st and 22nd December 1966. The committee has to look into the question of Inter-State Seniority List of various departments sent by the General Administration Department to the committee. An officer from the Ministry of Home Affairs is attending this meeting. It would therefore be convenient if the meeting is held sometime in the first week of January 1967.
